EXCAVATING ANCIENT ELEON (GREECE) (REMINDER)**

From Brendan Burke

The Department of Greek and Roman Studies is again offering a 3.0 unit summer course (equivalent to two semester-long courses) in conjunction with the Eastern Boeotia Archaeological Project: Excavations at ancient Eleon (Brendan Burke and Bryan Burns, co-directors).

Project Overview: This project investigates an unexplored settlement in central Greece dating primarily to the Mycenaean (ca. 1700-1150 BC) and Classical (6-4th c. BC) periods. The site is ancient Eleon which operated within the orbit of the major Greek city of Thebes.

Volunteer Program: Student volunteers will participate in all aspects of fieldwork, learning stratigraphic excavation techniques, recording methods, and artifact analysis. The program offers experiential learning and is physically strenuous. *All student volunteers must be in good physical condition and able to participate in all aspects of the fieldwork.* Upon acceptance to the program, participants can be enrolled in GRS 495 Archaeological Field Work (3.0 Units) for university credit from the University of Victoria. Non-UVic students can get transfer credit to their home institution. The course will include training sessions in field techniques, topical lectures, and optional field trips. *It is*

possible to participate as a volunteer in the excavation without enrolling in GRS 495 for credit.

Fees: All participants, whether enrolled in GRS 495 or not, will be required to pay a \$2400 program fee which will go toward room and board for six weeks. **UVic tuition for GRS 495 is separate, as is transatlantic airfare.**

Lodging: The excavation team lives in modest, shared apartments in the nearby town of Dilesi, which offers swimming in the Euboean Gulf, internet access, and public transportation to Athens, approximately 1 hour away.

Food: Lunch and dinners are provided by the project on all work days (Monday-Saturday noon).

Application available at: <http://web.uvic.ca/~bburke/EBAP>.

Please contact Brendan Burke (bburke@uvic.ca) if you are interested or have any questions.

UNIVERSITY OF ALBERTA
ARCHAEOLOGICAL FIELDSCHOOL IN ITALY (REMINDER)**

From Tanya Henderson

The University of Alberta's **Department of History and Classics** is now accepting student applications for the Archaeological Field School in Italy.

The field school is from June 1-19, 2015.

Within the context of research on the romanization and economy of rural Italy, we invite students to join us in an archaeological field school to be held in the Val di Chiana in Central Italy. This summer we will begin excavating a villa rustica, identified by geophysical survey. The significance of the site, located in the vicinity of the Etruscan Sodo tomb north west of Camucia, is to establish a more complete and accurate socio-economic history and contextualize the information within the diachronic evolution of the Val di Chiana.

Students can receive 6 credits (equivalent to two courses), which are transferable to their home institution.
